Objective

Aspiring software developer seeking an internship to gain real-world experience and exposure in developing innovative projects. Self-taught programmer with extensive knowledge in multiple programming languages and hands-on project experience.

Experience
2019 - Present
Self-taught Programmer

- Developed proficiency in HTML, CSS, JavaScript, Dart, SQL, Python, Java, and C++.
- Built an e-commerce platform using Django.
- Created an AI-enhanced Point of Sale (POS) system.
- Developed a personal website showcasing my skills and projects.
- Experienced in API programming and integration.
- Managed and hosted projects using various platforms.

Education
2007 - 2013
Primary Education
Chief Albert Luthuli School

2014 - 2017
Secondary Education
Kitungwa Adventist School

2018 - 2020
High School Education
Kwiro Boys High School, HGE (History, Geography, Economics) Combination

2021 - Present
Bachelor's Degree in Information Systems
University of Dodoma, Tanzania

Skills

- Proficient in HTML, CSS, JavaScript, Dart, SQL, Python, Java, and C++.
- Experience in developing web and mobile applications.
- Strong problem-solving and analytical skills.
- Ability to work independently and in a team.
- Excellent communication and collaboration skills.
- Proficient in using Git, Docker, and VS Code.
- Experience in project management and hosting.

Projects

- **E-commerce Platform**: Developed using Django, featuring user authentication, product listings, and payment integration.
- **AI-enhanced POS System**: Implemented machine learning algorithms to enhance transaction efficiency and inventory management.
- **Personal Website**: Designed and developed to showcase my portfolio, skills, and projects.

Activities

- Passionate about continuous learning and staying updated with the latest technology trends.
- Actively participate in coding bootcamps and online programming courses.
- Volunteer in local community tech initiatives to teach programming to underprivileged students.

I look forward to leveraging my programming skills and project experience in a challenging internship to contribute to innovative projects and enhance my professional growth.
